

NOW HAS OVER 600 MEMBERS

Young Men's Republican Club
Makes Rapid Strides.

GOOD SPEECHES MADE

By Influential Republicans of
the City.

At the regular meeting of the Young Men's Republican Club of Sedgwick county last night 21 new members were elected. This brings the membership of the club up to 600, a very gratifying large number. Twenty-six of the 25 elected last night were associate members. Mr. Silas Brown also presented the names of sixty-three persons of Cheney for membership. One application made by Miss Lawrence White, of Cheney, caused much discussion and was finally laid aside for the reason that the young men could not agree on what should be done in this case. The meeting was the most enthusiastic that has yet been held in the interest of the club. Every one of the great crowd present shows what spirit will be shown in all the coming work of the organization for the purpose of electing a majority of the members of the legislature, which will be held in the fall of 1903. A speech made by Judge Thomas J. Wall, continued the young men with a still greater confidence in their ability for protection and honor. His address was in support of the club, and was a most eloquent and yet brief to heart. He winning remarks and remarks of applause for his earnest remarks on the subject of the club. His address was a most eloquent and yet brief to heart. He winning remarks and remarks of applause for his earnest remarks on the subject of the club. Distress After Eating

Nausea between meals, belching, vomiting, flatulence, fits of nervous headache, pain in the stomach, are all symptoms of dyspepsia, and the longer it is neglected the harder it is to cure it.

Hood's Sarsaparilla and Pills

Radically and permanently cure it—strengthen and tone the stomach and other digestive organs for the natural performance of their functions.

Accept no substitute for Hood's. "I had dyspepsia twenty-five years and took different medicines but got no help until I began taking Hood's Sarsaparilla. Have taken four bottles of this medicine and can now eat almost anything, sleep well, have no cramps in my stomach, no burning and no distress." Mrs. WILLIAM G. BARNES, 14 Cherry St., Providence, R.I. Hood's Sarsaparilla promises to cure and keeps the promise.

GRAIN MEN AND MILLERS WANT
IN WICHITA BOARD OF TRADE.

Southwestern Grain Journal Makes
Prophecy.

The executive committee of the board of trade held a meeting last night for the purpose of completing the unfinished business and to discuss ways and means of furthering the interests of the organization.

Secretary Hagan yesterday received a letter from a miller in the eastern part of the state, expressing how much it would cost him to secure a membership. The millers and grain men already see that the new organization is going to be a great convenience.

Some of the millers of the board of trade were highly pleased yesterday when attention was called to an editorial in the Southwestern Grain Journal. The article referred to is as follows:

"That Wichita will be the coming business city of Kansas no longer admits of a doubt. Especially will this be true of the grain and produce business. The whole city is impregnated with an atmosphere of enterprise and push. A few weeks ago the citizens organized a board of trade and since that time several warehouses have been established. The completion of the great road will make Wichita the trade center of the southwest. Several St. Louis grain houses have established agencies in Wichita, and it is understood Kansas City grain men are taking membership certificates in the Wichita board of trade. The organization of the board of trade marks the beginning of establishing in the 'Prairie Provinces' an American market center."

EX-CONFEDERATES TO SPEAK
Old Soldiers of the South Will Talk
at the Reunion.

At the reunion to be held next week in Wichita, the following ex-Confederates will deliver speeches: Col. J. C. Moore, of Ruid, O. T.; Dr. W. W. McCoy, of Perry, O. T.; Judge J. P. Allen, of Oklahoma City; Judge J. P. Gore, of Lawrence, O. T.; William Jones, Democratic candidate for governor of Oklahoma; Col. J. C. Johnson, of Guthrie, O. T.; Col. R. T. Brown, of Wichita; and Col. S. A. Cloud, of Kansas. One of the features of the reunion exercises will be the singing of a duet by Messrs. Tarrant and Southard, who will render "Dixie" and "The Star Spangled Banner," each singing a verse of either being alternately and both singing the chorus of both selections.

Master Ernest Shields will recite the pathetic poem, "The Confederate Boy," and "Sheridan's Ride." Young Shields is an accomplished violinist and his efforts are sure to please all the old fighters.

APPLIES FOR A GUARDIAN.

Mrs. Laura Goode Asks to Be Appointed Over Children.

Mrs. Laura Goode, wife of the late Frank Goode, who came to this state and applied in the probate court of Sedgwick county yesterday for a guardian of her children. Mrs. Goode wishes to be appointed the guardian, which point will be settled in a day or two by Judge John Wilson. The reason for a guardian is that the children's mother is ill and that the children are in need of a guardian. The children are in need of a guardian. The children are in need of a guardian.

ANOTHER GASOLINE BLAZE

Defective Stove Causes Fire, but Little Damage Done.

The fire department was called out yesterday morning at 11 o'clock to subdue a blaze at No. 10 South Topeka avenue, caused by a defective stove.

WILL EAT 304 EGGS.

Man Wagers That He Can Devour Seventeen Dozen at Sitting.

A young man named Snyder, living somewhere in Wichita, is said to have bet on the fact that he can eat 304 eggs in one sitting.

WOULD PAVE EAST DOUGLAS

Petition Being Circulated to
Extend Paving to Hydraulic.

REMONSTRANCE ALSO OUT

Winter Would Prevent Work
Because of Frost.

A petition is being circulated among the property owners on East Douglas avenue asking for asphalt pavement on that street from the end of the pavement at Washington avenue to Hydraulic avenue, a distance of half a mile. A remonstrance is also being circulated against the paving and both seem to have plenty of signers.

There is a great deal of building now going on in the east part of the city, the street has been curbed the greater part of its length and everything is being paved, and it was thought by some that this would be a propitious time for having the avenue paved. Nearly a mile of paving is to be put in on West Douglas avenue this fall, the city engineer has about completed his survey and made up his estimates and the bids for the construction will be advertised for within the next two weeks. This will make the pavement two miles long and with the addition of East Douglas avenue, which is to be paved, would give the city one street paved with asphalt for two and one-half miles.

The petition has been in circulation a little more than a week and the men behind the proposition are pushing it hard to have the petition ready for the council to act on at the next meeting, which will occur in two weeks.

Until a few years ago Douglas avenue east of Washington was in a pretty bad condition, but a great deal of work has been done during the past two summers and the street now presents a very good appearance as a dirt road.

The street could not be paved before next summer. After the petition is presented to the council and acted on a resolution declaring it necessary to pave must be published in the official city paper for thirty days and the city engineer must make his surveys and estimates, plans and specifications must be drawn and the advertisements for bids made, which altogether requires a little more than two months, and this would throw the paving so late in the season that it could not be done without danger of freezing.

Said Mr. Tall-man
"Look at my Suit. Did you ever see anything fit better in neck, sleeves and body length? Just as good as if I had gone to the best tailor in town and had it made. But I got this at Herman & Hess". I say, H. & H. Clothing is made for tall men like me."

Said Mr. Short-man
"See here, my tailor told me it was impossible for me to get a fit outside of his shop; that I was too short—out of the regular run; that they didn't keep clothes for such as me in a Clothing Store. But see how well this Suit fits me. 'H. & H.' Clothing is made for short, heavy-set men like me."

Said Mr. Regular
"You fellows are both right, and must agree with me that 'H. & H.' Clothing is made for us three."
